## SIX THOUSAND PEOPLE ATTEND PICNIC AT THE COUNTY SEAT.

Crowd at Masonic Celebration Saturday Said to Have Been the Largest in History of Hardinsburg Without Exception.

## WAS GREAT SUCCESS IN EVERY RESPECT.

**Breckenridge, Ky., Aug. 8.**—(Special.)—Fully six thousand people attended the big Masonic picnic here Saturday. A good many persons estimated the crowd at 8,000, but that is probably too large a figure. Judge Mercer and others said it was the largest number of people ever in Hardinsburg, not even excepting the Centennial crowd of 1882. And it was an orderly crowd, too, not a fight nor an arrest—very creditable for the citizenship of Breckenridge county. Only one accident occurred, and it was not serious. Cline Arms' little boy was run over by a buggy, but Dr. Wm. Milner, who examined him, said no bones were broken. The train service was excellent, and the Masons appreciate the courtesies extended them by the Hotel Board.

The large crowd seemed to be the chief attraction and probably a crowd of 1,500 stood around it all day long. The male race was the next greatest object of interest. It was run at 3:30 o'clock in Taylor Board's large meadow, and the course was fully three-quarters of a mile long. There were eighteen entries. John Alexander, Jr., of Buras, won the race and was awarded the \$10.00 saddle, given by John P. Haswell, Sr. Eates Hart, of McDaniels, was second in the race. Charles Drury, of Belewville, was the judge, and 2,500 people saw the races run.

In the nice reg. contest, Vic. Robertson carried off the prize, a \$5.00 lap robe also given by John P. Haswell, Sr. Fred Hardwick, of Louisville, Rogers Pemberton, of Elizabethtown, and Chas. Drury, of Belewville, were the judges.

Mrs. Lucy M. Beard won the \$5.00 silver cup for furnishing the best cake. Mrs. Harry B. Head, of Rosetta, Geo. W. Short, of Cloverport, and Robt. E. Woods, of Louisville, decided this.

Miss Margaret Baker of Hardinsburg, was voted to be the most popular young lady on the grounds and she received a hunting case lady's gold watch, given by T. C. Lewis & Son.

Mrs. Thomas Gregory, of Garfield, held the lucky number, 246, which drew the rubber tire runabout, given by B. F. Beard & Co. Miss Betty Moorman, the little daughter of Hon D. C. Moorman, was blindfolded and drew from the barrel the box containing the \$15 iron bedstead, also given by B. F. Beard & Co., was drawn by Miss Alice Baker.

The first prize was awarded to Mack Alexander, of Mook, who brought 144 people to the picnic grounds on one wagon. Hawkins

people to the picnic.

## HAIL STORM AT GLENDEANE SUNDAY DAMAGED TOBACCO TO THE EXTENT OF \$15,000.

A severe hail storm swept the Glendale section Sunday afternoon, destroying about 200 acres of tobacco and causing a loss estimated at \$15,000. The storm was destructive also in the New Bethel neighborhood, near Hardinsburg. It seemed to start in at about Thos. Ryan's farm, on the State road, and moved across the farms of J. T. F. Owen, Eli Dean, Jesse Howard and R. G. Robertson, to the railroad near July Station. Some places the hail was so large that tobacco stalks were beaten into the ground. The tobacco crops destroyed were considered the finest in the county. Corn was damaged to some extent.

The heaviest losses in the Glendale section were as follows: Eli Dean & Son, twenty-five acres of tobacco ruined; Jesse Howard, thirty, total loss; will plow up and put in wheat; J. T. Owen, thirty-three, one-half loss;

Sam Beavin, fifteen or twenty, Mike Osborne, cropper; Forrest Miller, seven, total loss; Wm. Wheatley, ten; Dan O'Connell, fifteen; Frank Rappert, twenty; Henry Elmore, seven; Late Miller, twenty; Jack and Nels Jolly, twenty; Hardie Bell, ten; Dennis Sheeran, fifteen; Mrs. Jake Smith, seven; Thos. Beard, ten; Waller Wilson, four.

The tobacco in the Glendale section, near New Bethel church, two barns were unroofed, all the trees in the yard were blown down and his tobacco crop ruined.

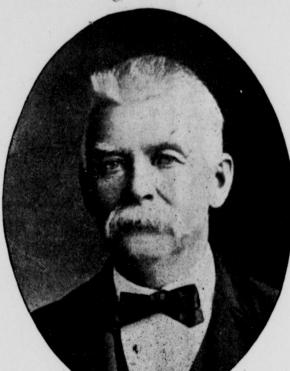

Jesse Howard lost thirty acres of tobacco valued at \$1,000. Several months ago he lost two barns worth \$1,700, by fire.

CASTORIA.  
The Kind You Have Always Bought.

Signature of *Chas. Fletcher*

Henry Davis has sold his farm of 12 acres at Irvington to Jonas Lyons for \$3,000 cash.

## CAPT. EDWARD GREGORY.

Former Cloverport citizen who died at Lewisport on Sunday July 16.

### Union E. L.-B. Y. P. U. Meeting.

A union meeting of the Epworth League and the Baptist Young Peoples' Union, the first since the two organizations were formed, will be held at the Methodist church on Sunday evening, August 27, at 6:45 o'clock. R. L. Osbourne, president of the Baptist Young Peoples' Union, will lead the service and a special musical program will be rendered.

The meeting is expected to be of more than usual interest and will no doubt be largely attended by non-members of the two organizations as well as members.

The union meeting was proposed at the devotional service of the Epworth League at the Methodist church Sunday evening. Lawrence May, president of the League, extended the invitation for the meeting to Mr. Osbourne, who was present, and requested him to conduct the service on that occasion. Mr. Osbourne accepted the invitation on behalf of himself and the Baptist Young Peoples' Union, and August 27 was the date decided on for the meeting.

Yours very truly,  
J. Whitworth, Master.

The Artists' Industry.

Bacon—Did you say your artist friend is industrious? Ebert—Yes. Why? I've been painting pictures four years on one picture. Bacon—is that possible? Ebert—It is. He was a month painting it and four years trying to sell it! Yonkers Statesman.

Brothers Separated 32 Years.

H. C. Haddock, of Clifton Mills, was here yesterday on route to visit a brother in Kansas whom he has not seen for thirty-two years.

Clint Tucker on Sheriff's Ticket.

We are authorized to announce that Clint Tucker, of Hudsonville, will be on the sheriff's ticket with Dunn's Sheeran.

McQUADY.

Born, to the wife of Will Lyons, August 5, a girl.

Will Pate, of Leitchfield, was the guest of his father, Jas. Pate, last week.

Mrs. Sally Lyons, who has typhoid fever, is thought to be improved.

Mrs. Mary Mattingly and children, of Texas, are the guests of relatives here this week.

Luther Wilson's house caught fire last week, but was saved with only the loss of paper roof.

J. D. Morgan, the ventriloquist, gave a performance here at the auditorium last Thursday night.

Mr. and Mrs. James Harris, of Nashville, are the guests of Mr. and Mrs. Will Brickett this week.

Dr. W. S. Sandbach, of Friedland, Ky., was the guest of his brother, Dr. J. A. Sandbach, Saturday and Sunday.

Among those who attended the Seven Hills Chautauqua at Owensesboro last Thursday were Capt. and Mrs. J. H. Rowland, Mrs. F. M. Scott, Mr. and Mrs. V. D. Babbage, Mrs. M. and Mrs. Jno. D. Babbage, Misses Virginia Hudson and Mildred Babbage, W. H. Bowmen and J. D. Babbage, Jr.

Six Irvington Farm.

Henry Davis has sold his farm of 12 acres at Irvington to Jonas Lyons for \$3,000 cash.

## FRAIZE-GREGORY WEDDING.

Prominent Young People of Cloverport Married Wednesday.

Mr. Fred W. Fraize and Miss Nellie Gregory, two of Cloverport's most prominent young people, were married last Wednesday afternoon at 5 o'clock in Louisville. The ceremony was performed at the Seebach by Rev. P. L. King, pastor of the Methodist church, of this city, in the presence of Mr. Frank Warfield, an uncle of Mr. Fraize and cashier of the American National Bank, his sister, Miss Jennie Warfield, Mr. R. N. Hudson, of this city, a brother-in-law of the bride, and Mr. Arthur Bowles, a friend of the groom.

The engagement of Mr. Fraize and Miss Gregory was known to only a few, and their marriage was a surprise to many of their friends.

Mr. Fraize is the son of Mr. Frank Fraize, the well-known merchant of this city. As an associate with his father in his business here he has been very successful.

Miss Gregory is a daughter of Mr. and Mrs. John D. Gregory and one of Cloverport's most attractive and popular young ladies.

Mr. and Mrs. Fraize left Louisville Wednesday evening at 6 o'clock for Washington, Atlantic City and other Eastern points. They will return about the middle of next week and take up their residence here.

### Only A Mask.

Many are not benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat well sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

Yours very truly,  
J. Whitworth, Master.

### NOTICE.

Oscar R. Sulzer Dead.

Oscar R. Sulzer, a brother of J. F. and Samuel Sulzer, members of a former well-known local firm, and an uncle of J. C. and E. F. Nolte, of this city, died last Wednesday, Ky., Saturday.

The Artists' Industry.

Bacon—Did you say your artist friend is industrious? Ebert—Yes. Why? I've been painting pictures four years on one picture. Bacon—is that possible? Ebert—It is. He was a month painting it and four years trying to sell it! Yonkers Statesman.

More "Appropriate."

Rita—Did you say "This is so sudden?" when Jack proposed?

No. I intended to, you know, but I was so flustered that I forgot, and cried, "At last!" instead."

Proved.

"Do fishes grow fast, Jimmie?"

"Some of them do. My father caught one last year that grows an inch every time he tells about it!"—Cassell's.

The understanding is more relieved by change of study than by total inactivity.

## The Breckenridge News\*

WEDNESDAY, August 9, 1905

### Eclipse of Sun Aug. 30.

Cloverport people rising at 5 o'clock on the morning of August 30 and trying to see the sun will find the moon in front of it. The eclipse will be only partial in this section, however. Half of the sun will be obscured when it rises and the dark shadow will grow till only a bright crescent is seen, then the shadow will recede and by 6 o'clock the disc will be clear again.

Accurately plotting the orbits in which the sphere move, and their schedule time of passing, scientists can now predict that in 1925 a total eclipse will be visible in the United States, the first one seen since the one in 1878, and in 1999 Paris will see one for the first time since 1727.

The shadow of the moon, which is much smaller than the earth or sun, extends only over about 1360 miles radius and cannot hide the sun many minutes, so scientists are preparing to make the most of a rare opportunity in August.

### They Appeal to our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by Short & Haynes.

### To Bore Well at Skillman.

Yesterday a trade was made between Judge Wampler and L. S. Powers, Capt. Lander leaving the mineral rights on his farm near Skillman to the latter parties with the provisions that they begin boring within sixty days. It is the intention to begin work there within the next two or three weeks. Machinery will be moved there at once—Hawesville Plaindealer.

### Fandid Suffering

is often caused by sores, ulcers and cancers, that eat away the skin. Wm. Bedell, of Flint Rock, Mich., says: "I have used Bucklin's Arnica Salve, for Ulcers, Sores and Cancers! It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. At Short & Haynes' drug store: guaranteed.

### Big Tobacco Growers' Barbecue.

Hopkinsville, Ky., Aug. 3—Fully 5,000 people from all over the dark tobacco district of Kentucky and Tennessee attended the "barbecue" today at Gracey, which was held in the interest of the Big Tobacco Growers' Association. Eight speakers were present—Congressman W. J. Jones, W. G. Games of Tennessee, and A. O. Stanley, of the Second district of Kentucky, delivered rousing speeches, which were enthusiastically received.

### A WOMAN'S ORDEAL DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lydia, Mass., and Receive Valuable Advice. Absolutely Confidential and Free.

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private life, even when the questions are asked by her family physician, and may

Mrs. T. C. Willadsen

continue to suffer rather than submit to examination which she fears physically. In order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female diseases.

The following is the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, at Lynn, Mass.: "To her can come every woman who has her illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise women how to treat their diseases.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen, of Manning, Ia. She writes:

"I can truly say that you have saved my life, and I cannot express my thanks enough. You were very telling how I felt, I had suffered for over two years steadily, and you can imagine how不堪, but you all failed to do me any good, had female trouble and would daily have fainting spells. I had to give up my work, my monthly periods were very irregular and finally ceased. I wrote to you for your advice and you advised me to take your vegetable compound, and I did, and I am now well again. Had it not been for you I would have been in my grave to-day."

More proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

### Broadside For Blackburn.

(Kentucky State Journal.)

Listen to the prediction we make and we want you to remember it next winter:—Blackburn will not get a single vote from any county where he has yet made a speech and be it to the eternal credit of the intelligent Democrats of those counties that they have at last awakened to a realization of the fact that the gaseous and inamitable Senator is unfit to represent this great State in the Federal Senate. The people are still holding him to the unanswerable questions: What have you done? What use have you made of the talents we entrusted to you? What is the record of your service?—Not a single man in Blackburn's record—shooting cracks and sky-rockets. But this character of statesmanship is not popular in this day of common sense. The people want deeds, not words; they want a man, a real man, of strength, of ability and of capacity to serve them, not a talking machine or fire-eater.

### Next Show Boat Month Away.

"Check's" Sunny South floating page, the only show boat yet, to make Clovernook this summer, will, in all probability, be here until sometime in September, or, at least, later. The last issue of "The Billboard," a journal for circuses, shows, etc., stated that the Sunny South was at Middleport, Ohio, Aug. 5. A river item in the Courier-Journal recently stated that this show has been attracting large crowds at every stopping place on the upper Ohio and has been giving perfect satisfaction. It is a new boat and this is its first trip.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Consumption, Biliousness, Jaundice, etc. Early Risers are small and easy to take and easy to act. Sold by All Druggists.

### Mistake in the Name.

It was stated in the News last week that "Phil. Noble, a fifteen-year-old boy who has been making his home with his uncle, John Henry, an employee at the Henderson Rodeo, shot a watch and pair of pants from the latter last Thursday," that Noble was arrested at Hawesville, but released on giving up the stolen property. The News was in error regarding Noble's Christian name and age, having been misinformed. To clear up the matter the following statements are made:

Will Noble, age twenty-two, a married nephew who was visiting Mr. Henry, stole the property. Phil. Elliott, age about fifteen, is the nephew who resides with Mr. Henry and had nothing to do with the affair. He has been known as Phil. Noble, though his real name is Phil. Elliott.

### Victory for Cumberland.

(Meade County M. ssenger.)

The "telephone" picnic held near Gusion Wednesday was one of the nicest affairs ever held in Meade County. A large crowd was present and every one had a pleasant day. The object of the meeting was to consider a proposition to the Cumberland people to change telephone service with the Louisville & Jefferson A. Association. While strong opposition devolved in Philadelphia to their local system of political graft seems to have surprised the heat that was hit not more than the great dead-in-easest, though not unhumorous, publication of the city itself, that it rules absolutely free communities, such as the American, the British, the French, and also those where the monarch has greater power than in Great Britain; that it rules essentially in Russia, India, China, and Abyssinia. Of course its rule is more free and evident in Russia; but recent events in Russia have shown that the most absolute monarchs in the world have to give way when their people change their opinion about things in general.

The effect of the tremendous kick recently administered by public opinion in Philadelphia to their local system of political graft seems to have surprised the heat that was hit not more than the great dead-in-easest, though not unhumorous, publication of the city itself, that it rules absolutely free communities, such as the American, the British, the French, and also those where the monarch has greater power than in Great Britain; that it rules essentially in Russia, India, China, and Abyssinia. Of course its rule is more free and evident in Russia; but recent events in Russia have shown that the most absolute monarchs in the world have to give way when their people change their opinion about things in general.

This, however, is not the time for blame for what was not done, but of congratulation upon the glorious things that have been done, and upon the still more fundamental reforms that are now in the way of accomplishment in the redeemed city and the State at large.

But let every community in the United States that has not yet revolted, against corrupt local government take both warning and encouragement. Let it carry when put to a vote of the delegates present. The Cumberland will be allowed to run their wires into Gusion switch, which furnishes service to about eighty families, and it is quite a victory for the Cumberland people as they have been trying for several years to get in with the local telephone system. J. L. Henry, Geo. Neff, B. B. Shackleford, Chas. Blanford and Goss W. Richardson, were appointed a committee to make a contract with the Cumberland.

### Judge McBeath Injured.

Leitchfield, Ky., Aug. 2.—Judge T. R. McBeath, for twenty-five years Circuit Judge of this district, was thrown violently to the ground and fractured a horridly his hip. Judge McBeath was endeavoring to lead the horse by a rope halter, but the horse attempted to maul and threw him to the ground. Judge McBeath is sixty-seven years of age and for this reason it is feared that the injury may prove permanent.

### Jones at Chautauqua.

In spite of the threatening weather and occasional showers last night, the Seven Hills chautauqua had the most successful opening day in its history. There have been few more magnificent crowds than that of the afternoon, when the auditorium was packed. In point of program the day was quite an unusual one. Sam Jones had the "big attraction," while Strickland W. Gilliland, the funny newspaper man, was a close second. Those portions of the program rendered by what is known as regular chautauqua talent were also quite excellent.—Friday's Owensboro Messenger.

"I can truly say that you have saved my life, and I cannot express my thanks enough. You were very telling how I felt, I had suffered for over two years steadily, and you can imagine how不堪, but you all failed to do me any good, had female trouble and would daily have fainting spells. I had to give up my work, my monthly periods were very irregular and finally ceased. I wrote to you for your advice and you advised me to take your vegetable compound, and I did, and I am now well again. Had it not been for you I would have been in my grave to-day."

More proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

## Proclamation Relative To Yellow

### Fever By State Board of Health.

Whereas, This board is confident in the light of modern scientific knowledge, and with the co-operation of the health and civil authorities, physicians and people, Kentucky can safely continue its traditional and liberal policy of keeping an open door to citizens of our sister States who are fleeing from the pestilence of yellow fever; and

Whereas, In announcing this policy the board does not for one moment lose sight of the fact that it is well and is maintained to guard and protect the health and lives of our own people, and fully appreciates the grave responsibility it thus assumes.

Whereas, This primary duty requires that this board and its auxiliaries in every city, town and county are here requested and directed to take immediate steps to remove all nuisances and sources of disease within their respective jurisdictions or upon their premises, and to drain, empty or properly oil or cover all ponds, pools, barrels or other receptacles which are or may become breeding places for mosquitoes; and it is urged that all houses be screened not only against mosquitoes which may convey yellow fever and malaria, but against flies, which carry typhoid fever, a disease for much greater importance to our people. It is believed that the fear of yellow fever will always be a blessing to Kentucky. If it induces such health reforms as will not only prevent it, but lessen the typhoid fever, diphtheria and other domestic pestilences which cause such a large and needless sick and death rate every year.

Now, to reiterate, it is known that by virtue of authority vested in us by law, all passenger railway conductors on trains coming into this State across our southern border and carrying steamboats from the South, will be held responsible for any person who may be exposed to infection from the bite of mosquitoes.

## EIGHT PAGES.

WEDNESDAY, AUGUST 9, 1905.

Few new cases of yellow fever are reported at New Orleans and the situation seems to be improved this week. There have been nearly 600 cases and 120 deaths to date.

The Hon. Lee Slater Overman, a senator in congress from North Carolina, says that no man that drinks can go to congress or be a judge in North Carolina. The sentiment for sober men in office is growing in every state in the union.

We take off our hat to any man who rises above his party, be he Democrat or Republican. It is this kind of stuff in the man that makes for the country's good. Be an independent free American citizen rather than a partisan, stand for character rather than for your party. Be a Democrat or a Republican but be a man with either.

Railroad train crews are a jolly set of fellows. They have their fun, especially where they take their meals and lay-overs. They have a lot of pet names for their food. When a crowd of them take their meals, if a man desires sugar in his coffee, he will ask his neighbor to "sand the right way for him." They never call him anything but "ballast." An order for ice cream is a "manfest run," i. e., carrying perishables. Dining room tables are "round houses," the kitchen is the "freight dump" and the waiter girls are "yard engines."

John D. Rockefeller has just succeeded in securing control of all the flax seed in this country, some 6,000,000 to 9,000,000 bushels. It is said that he will make on this deal \$20,000,000. And this reminds us that Cloverport, away back before the war, was one of the biggest markets for flax seed in this section. Grayson county raised a great deal of flax in those days and this town was her shipping point. Dozens of wagons loaded with flax seed and hauled by oxen, two to four yoke hitched to a wagon, came to this town every day during flax seed time. They were back loaded with salt, groceries and whisky. Whisky was then sold by the barrel at thirty or forty cents per gallon, and nearly every wagon included in its load a barrel of whisky and three to ten barrels of salt.

When you see five or six thousand men, women, and children together and all of them sober and having a good time, it ought to make you feel glad that you are one of them. We do. And we are gladder every moment of our lives that we live in Breckenridge county. This was the size and character of the crowd that made up the great throng at the Masonic barbecue at Hardinsburg last Saturday. A lot of us remember the time when this wasn't true of the crowds in Breckenridge. Conductor Tilford says he handled 1,250 people on his train on the branch and not a breath of whiskey could he detect and not an oath did he hear. This is a credit to any community and accounts largely for our progress and prosperity.

There is a report going the rounds in this town, we haven't heard it in any other section of the county, reflecting on the character of Dennis Sheean, Republican nominee for sheriff. We want to correct this report and say that no man stands higher at his home than Dennis Sheean. Democrats and Republicans and all classes of citizens say that he is an honest, sober, upright man, fair in his dealings and true to his word. Mr. Sheean is a farmer and along with his farming he buys and sells stock. He is also interested with his brother in a store at Kirk and with all his various dealings not a word of complaint do we hear. He could get a certificate of character from a hundred good citizens if necessary. This correction is made in justice to the man. It is not paid for either at ten cents a line. We believe in a square deal and in justice. We don't believe in blasting a man's character for partisan purposes. If a man is honest and sober and deals fairly with his neighbor, that man is entitled to all the rights and privileges of a free American citizen, no matter what party he affiliates with.

Col. William Jennings Bryan is taking his summer vacation at his home, looking after his crop and letting politics take care of themselves. He appeared on the streets of Lincoln, his home town, the other day, attired in a wide-brim straw hat, checked gingham shirt, overalls and plow shoes, and astride a large sway-backed horse, without saddle or blanket, guiding the animal with the aid of a work bridle, having immense blinkers. Ever and anon the greatman wiped the perspiration from his noble brow and classic features with a large red bandana handkerchief. Balanced firmly on his hip, as he strolled sedately along, the colonel held a common brown jug, such as is used for holding mowing machine oil, for which purpose the colonel was carrying it. Arriving at the drug store he dismounted, smiled at a group of astonished friends on the curb, entered the drug store and reappeared shortly with the jug in one hand and a green-backed farmer's almanac in the other. Casting an eye up at the weather he remarked pleasantly to a bystander that he hoped it wouldn't rain till he got his hay up. Remounting his steed he returned home by the principal business street. It is said that Mr. Bryan is putting himself in training for the next presidential campaign.

### IMPORTANT EVENT TOMORROW.

A very important event to this town is the great sale of lots advertised for tomorrow. Ever enterprising citizen should take an interest in it, whether he be rich or poor, merchant, banker, farmer or mechanic. It means much for the upholding of the town and its future growth. If you have any faith in your town go down there and buy a lot. If you don't need it, let it stand there and it will pay you good interest on your investment. To the man who is a renter it is the chance of his life to secure a lot and build him a home. The

lots will be sold on easy payments so that the man who is working for a salary can buy one and pay for it on monthly installments. On the other hand if he has the cash in hand he can pay down and get a liberal discount. We believe every man with a family should own his own home and there is no reason why he should not own it when a chance like this presents itself. Owensboro and other towns in the state are working along these lines, building houses and selling them on easy payments to those who are not able to buy a home and pay down for it. The Cloverport Real Estate and Improvement company have done a good work for this town already. They have built several houses, sold them on easy payments to parties, and the result is that the company has made a good per cent. on its investment and given the man who wanted a home a chance to get it and pay for it out of his weekly earnings. And this helps the town. It helps the poor man, makes him a better citizen, he is happier, more contented, and his family is better off by being settled and having something to stimulate him to work. The city council is taking an interest in this sale and at its meeting Monday night passed a resolution requesting every business house in town to close and employers and employees attend the sale. There will be a free lunch on the grounds and plenty of cold ice water furnished in the ice plant, which is nearby. The best and only auctioneer in Kentucky, D. W. Henry, will do the talking for the occasion and it will be a treat to you to hear him.

### REPUBLICAN NOMINEE

MORRIS ESKRIDGE,  
Candidate for  
County Judge,  
BRECKENRIDGE COUNTY.

Your vote and influence solicited and  
will be appreciated.
